WELCOME MESSAGE

8th Annual Conference of Society of
Oncologic Imaging, India (SOII)

**SOIICN
2026**

18th - 20th SEPTEMBER, 2026
THE CHANCERY PAVILION, BENGALURU

It is our great pleasure to invite you to **SOIICN 2026**, the **8th Annual Conference of the Society of Oncologic Imaging, India**, to be held in the vibrant city of **Bengaluru from 18th–20th September 2026**.

This conference will bring together leading experts, academicians, and practicing radiologists from India and across the globe to discuss the latest advances in oncologic imaging, precision diagnostics, and multidisciplinary cancer care. With rapid technological progress and evolving cancer therapies, imaging continues to play a pivotal role in early detection, treatment planning, response assessment, and long-term surveillance of cancer patients.

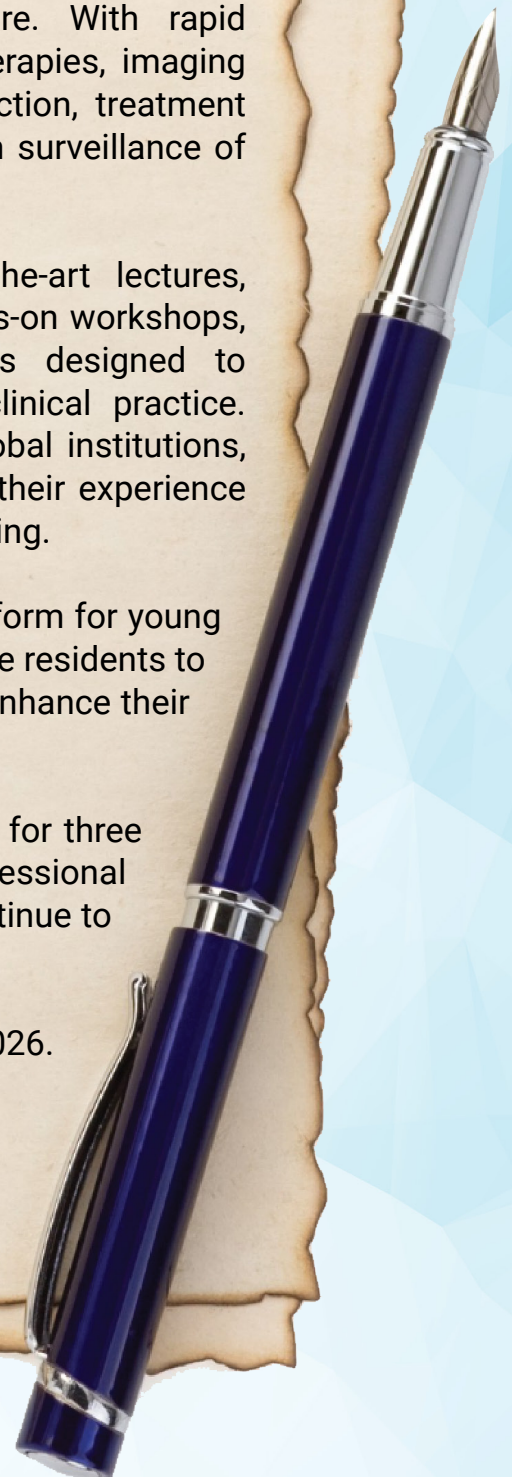

The scientific program will feature state-of-the-art lectures, multidisciplinary tumor board discussions, hands-on workshops, and interactive case-based learning sessions designed to enhance both academic understanding and clinical practice. Renowned international faculty from leading global institutions, along with eminent national experts, will share their experience and insights into emerging trends in cancer imaging.

SOIICN 2026 will also provide an excellent platform for young radiologists, senior radiologists and post graduate residents to upskill their work, learn updated guidelines and enhance their knowledge and expertise.

We warmly welcome you to join us in Bengaluru for three days of stimulating academic exchange, professional networking, and collaborative learning as we continue to advance the frontiers of oncologic imaging.

We look forward to welcoming you to SOIICN 2026.

SOIICN 2026

CONFERENCE HIGHLIGHTS

**International and
National Faculty
Lectures**

**Pre Conference
Workshops on
Cross-Sectional
Imaging, Basics and
Advanced Interventions**

**Scientific
Paper and Poster
Presentations**

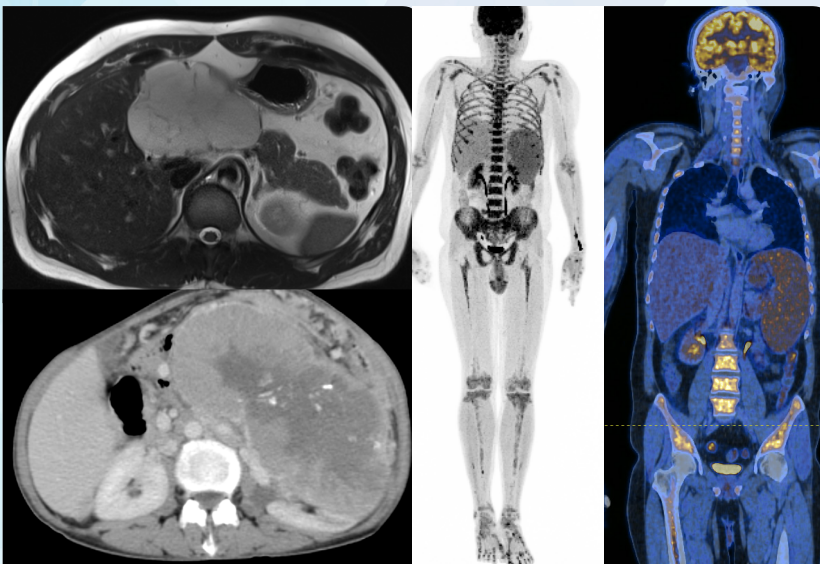

**Multidisciplinary
Tumor Board
Discussions**

**Case-based
Learning
Sessions**

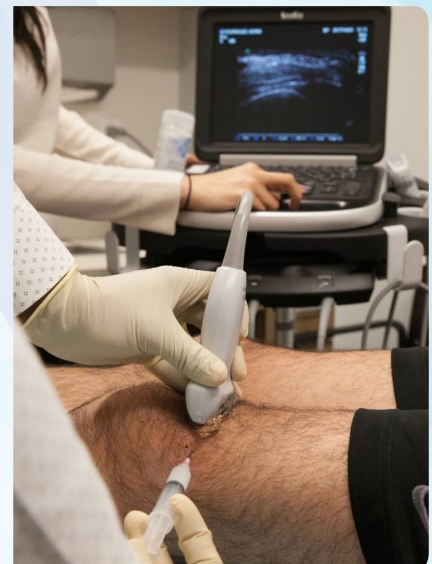

**Young
Radiologist
Sessions**

PRE-CONFERENCE WORKSHOPS

**Cross-sectional Imaging
Cancer Workshop**

**Image Guided Intervention
Workshop
(Basic & Advanced)**
